SUMMARY

Frontend Developer with 3+ years of experience building scalable, high-performance web applications using React.js, Next.js, TypeScript, Redux, and Tailwind CSS. Strong focus on performance optimization, reusable UI components, complex state management, and API integrations. Proven track record improving user experience and engineering velocity through clean architecture and collaboration with cross-functional teams.

EDUCATION

HMR Institute of Technology & Management (GGSIU),

2019 – 2023

B.Tech – Computer Science Engineering

GPA: 8.8/10

EXPERIENCE

Pantelwar, SDE-1

01/2025 – Present | On-Site — India

Led UI development for scalable wealth & investment management features across 5 major React projects.

Integrated 10+ reusable React components, reducing UI development cycles in upcoming releases.

Collaborated with backend/API teams for seamless data flow and authentication layers.

Maintained and refactored large-scale 200,000+ line codebase for performance and maintainability.

Pantelwar, Associate Software Developer

09/2023 – 01/2025 | Noida, India

Developed dashboards and workflows improving portfolio monitoring & user decision-making.

Built client-status tracking, role-based access, advisor dashboards, and improved onboarding UX.

Collaborated in Agile Scrum with daily standups, sprint planning & production releases.

QSpiders – Full Stack Development Training, Trainee

03/2023 – 09/2023 | Noida, India

Training in HTML, CSS, JavaScript, React, DBMS, SQL, Java, Hibernate, Spring basics.

Solved 100+ DSA problems, strengthening algorithms and problem-solving skills.

TECHNICAL SKILLS

Frontend — React.js, Next.js, Redux, Redux Toolkit, Context API, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Material UI, ShadCN, GSAP, Responsive UI/UX, Form Validation, Web Performance, **Backend / APIs** — REST APIs, Node.js (basics), Strapi CMS, Postman, **Tools & DevOps** — Git, GitHub, Docker (Basics), VS Code, Jira, Agile/Scrum, **Other** — DSA, Problem Solving, Cross-team collaboration, Documentation

KEY ACHIEVEMENTS

Enhanced RM (Relationship Manager) productivity by 25% through visual portfolio dashboards and quick-access panels.

Built modular UI components that reduced future UI update efforts by 40%.

Improved dynamic interaction and loading efficiency by 30% via optimized state management.

Increased cross-team engineering efficiency by 30% through Agile workflows and sprint collaboration.

PROJECTS

OmnaData-Insights and Analysis

10/2025 – Present

Developed a research and analytics platform allowing users to access company reports through subscription-based plans.

Implemented analyst management workflows for creating, updating, and controlling structured report insights.

360 ONE RM Workspace — Wealth Management Platform

01/2024 – 06/2025

Dashboard used by Relationship Managers handling portfolios worth ₹100 Cr+.

Increased RM productivity by 25% with visual analytics and instant access workflows.

Reduced UI change effort by 80% using reusable components.

Fingyani Platform — Retail Investment Buckets (Similar to Smallcase)

09/2023 – Present

Built UI for custom stock buckets across NSE/BSE markets.

Refined navigation and data interaction efficiency by 30% using optimized state management.

Built RIA portal, reducing advisor-client coordination time by 20%.

PREVIOUS INTERNSHIPS (RELEVANT EXPERIENCE)

AI/ML Intern, IBM Skills Network

12/2022 – 02/2023

AI, ML

Python Developer Trainee, Besant Technologies

10/2022 – 12/2022

Python

Machine Learning Intern, Pantech ProLabs

08/2022 – 10/2022

ML, AI, Data Science
